## 350,000 WOMEN CAST VOTES IN NEW YORK CITY TO-DAY

**Suffrage Leaders Jubilant as They Deposit Ballots—Many Families Go to Polls Together—Outvote Men in Many Places.**

For the first time in the history of New York State women to-day went to the polls to vote for Governor, Congressmen and other State and county officers. If there was any doubt in the minds of those who for so many years opposed Woman's Suffrage, that the women would use the right of franchise when it was given to them, they will change their opinion after to-day. In New York City, where 414,760 women registered, it was estimated that at least 350,000 would vote.

Reports from New York State above the Bronx all brought the news that the women voters were out in force. In many places they were outvoting the men.

Husbands and wives went to the polls together. Often one or more daughters went with them. There were a number of election districts throughout Greater New York where the women voters outnumbered the men almost two to one. There were other districts where the women voted evenly with the men, but there were very few districts where the women voters were not greatly outnumbered.

Mrs. Carrie Chapman Catt, President of the American Woman's Suffrage Association, voted early. She declared it took her just twenty minutes to go from her home, shop, vote, and have her picture taken.

"I have labored thirty years to get a vote," said Mrs. Catt. "I have given most of my time during this period to the woman suffrage cause and have contributed thousands of dollars to it. It took me exactly two

minutes to vote. There may be a difference of opinion as to whether I cast an intelligent and useful ballot but there can be no difference of opinion as to my intense interest in being able to express my opinion as a citizen of the United States. I felt that the privilege of voting was worth all of the struggle and the cost."

Miss Mary Garrett Hay, Chairman of the New York State Woman Suffrage Party, voted at the same time that Mrs. Catt went to the polls. When asked how she felt when casting her first ballot, Miss Hay said: "It seemed as natural as breathing, and I felt as though I had always voted. It must be because I have dreamed of it so many years."

Dr. Katherine B. Davis, who voted early, said: "It felt fine to be voting. My sister, who accompanied me to the polls, said 'I wonder if grandfather is looking down from heaven and watching us vote?' You see, grandmother was the first Suffragist in our family."

From Brooklyn came a report from the Brooklyn Woman Suffrage Party that they believed the oldest voter lives in their borough. She is Mrs. Henrietta Benjamin of No. 513 Vandewater Avenue, ninety-two years old, and she voted at 6 A. M. at No. 928 Fulton Street.

There was great jubilation at Woman Suffrage Headquarters all day. To the women gathered there it was reported that more than 25 per cent. of the registered women voters had cast their ballots before 10 o'clock. This caused a demonstration among the members present.

And last but not least, the headquarters of the New York State Association Opposed to Woman Suffrage was not open at all. There was a look of uselessness about the place.

Joseph Steinberg, Republican candidate for Assembly in the 15th District, who is opposed by Miss Myra Marks on the Democratic ticket, was busy to-day getting out the women vote in the district. Irrespective of party affiliations, his automobile was busy throughout the day conveying women to the polls. In cases where mothers thought it impossible to go and vote on account of their domestic duties and young children, Mr. Steinberg supplied a nurse in the women's absence and hurried her to the polls and back home.

**Seventy New Yorkers Vote at Plattburgh Barracks.**  
PLATTSBURGH, N. Y., Nov. 5.—New York and Pennsylvania soldiers at Plattburgh Barracks voted this forenoon from 5 to 11 o'clock. The New York Election Board was in charge of Lieut. Hunter of the post. At the New York polling place seventy votes were cast by the soldiers.

**Cable From Rio de Janeiro to Cuba.**  
RIO DE JANEIRO, Nov. 5.—Concession to lay and operate a cable from Rio de Janeiro to Cuba has been granted by the Brazilian Government to the Central and South American Telegraph Company through its representative, Frank Carney.
